Can good friends become lovers?

We had been friends

for a while and I knew he liked me. Every relationship I had been in went sour within weeks and I didn't want to lose my best friend. Carlo was great about it too and though he often told me his feelings he never pressured me to say anything back. We hung out at my house almost daily after our college classes. Most days we would hang out on the porch swing or watch TV in my room and he would go home in the evenings. I loved spending time with Carlo because he wasn't like other guys. Not only could he bring me out of a bad mood almost instantly, make me laugh without trying; but we could lay on my bed and watch TV without him ever getting too friendly. We would cuddle, but that was the extent of it.

Today was like any other day. Carlo came over to my house and we grabbed a drink from the fridge and ran up to my room. I flipped the channels on the TV until I found a movie. As on every other day I had changed out of my school clothes into small

shorts and a body hugging T-shirt. Though I tried showing off what little I had, Carlo never took the bait. I wished every night that he would get a naughty streak one day and stop being so nice.

I had snuggled up to him and we had fallen asleep until I woke up with his arms wrapped around me. I noticed all the lights were off and there didn't seem to be any light coming from down-

stairs, nor any noise. Though at this time of the night, even on a Friday night like tonight, everyone was usually asleep. I wiggled out of Carlo's grip without him stirring. The moon was shining in my room and I had pretty good light. I couldn't help smiling because he was so darn cute. I whispered his name to see if he would wake up and the only reaction I got was for him to roll onto his back.

I had dreamt of this many nights, except in my dreams I woke up to him touching me and though the dreams varied, we always ended up making love.

If I woke him I would still be too shy to tell him to stay with me, but at the same time it seemed like a waste to just cuddle all night. While I was debating with myself, my hands had taken on a life of their own. I had started inching his shirt slowly upward, so as not to wake him, and started lightly running my hand on his stomach. I knew there wouldn't be an easy explanation if he woke up, but I was enthralled with how soft his

I was so horny that when I pulled my shorts down, just the slight touching of myself had made me moan from pleasure.

chest hair was. I ran my fingers around in his chest hair and lightly scratched my fingers down his side, giving him goose bumps.

He barely moved throughout my exploration of his stomach so I got bolder. I started running my fingers along the top of his jeans. Even in the darkened room there was enough light for me to see that I was having an effect on him. I had no clue what he was dreaming about but I'm sure they were turning sexual if they hadn't been before.

My own body was responding in ways I wasn't used to, which just served to let my shyness slip away. My body was on fire and I wanted him, needed him to wake up. I had masturbated before but I knew that it wouldn't suffice this time. Besides I would rather Carlo wake up to me touching him, than him waking up and seeing me fingering myself.

When I went from running my fingers along the top of his jeans to slowly undoing the button and unzipping them, I noticed a change in his breathing but continued. I was sure he was awake and if he wasn't going to stop me then I was going to see how far he let me go. I rubbed the very noticeable bulge through his boxers. I loved the effect I had on him. I slipped out of bed

long enough to close and lock my bedroom door. From the edge of the bed I could see that Carlo's eyes were open. I knew I had gone too far to explain why I was touching him in my sleep. I stood at the edge of the bed and started taking my clothes off.

Pretending I didn't notice he was awake, I pulled my T-shirt over my head and unsnapped my bra. I pulled my shorts off, leaving just my g-string on. It was soaked with my juices and for a moment I de-

bated on taking it off, but decided to leave it on. I was so horny that when I pulled my shorts down, just the slight touching of myself had made me moan from pleasure. I ran my hands over my pussy, ever so lightly, but enough to make me moan again. I was beginning to believe it was a very vivid dream since Carlo hadn't tried stopping me.

When I crawled back into the bed, I straddled Carlo and kissed him. He kissed me back, pulling me closer to him. His first kiss sent tingles shooting throughout my body and I had a mini orgasm. Afraid to break the spell by talking, I used my flexibility to kiss him while slowly working his jeans off of him without breaking the kiss.

Maybe Carlo didn't quite realize that it wasn't a dream either, but he didn't try to stop me. I started grinding on him, loving the feel of his hard cock rubbing against my wet bottoms. I wanted him to fuck me then and there, but as soon as I started pulling his boxers off, I was flipped onto my back. He pulled away from me breathing heavily, trying to get himself under control.

I mean if we were going to do something to regret later, I wanted total release, not the pent up orgasm that had been building.

He ran his tongue around my nipples, lightly flicking them with his tongue, then engulfing them in the heat of his mouth.

I was stark naked. I pulled him back to me, kissing his neck and nibbling on his ear. With that I lowered my head to his crotch and licked him from his scrotum to the tip of his shaft. He groaned as my tongue licked at the hole in the end just before I wrapped my lips around the head and sucked him into my mouth. I took him just a few inches in as I looked up at his face. I drew back and then took him deeper. I began to pump his throbbing cock deeper into my mouth until I had almost all of him. I felt his cock hit the back of my throat as I sucked and licked him.

He pulled my head up and kissed me and I felt the heat building again. My body was begging for him, and the determination I had of keeping our relationship platonic had disappeared. If I had known that kissing him was going to awaken my body I would have done it earlier. He asked if this was what I really wanted. I don't think he was ready for the response I gave him. I whispered into his ear, "I love you and there's nothing I want right now more than to have you make love to me."

He kissed me with renewed passion. His hands traveled all over

my body followed by his lips. I thought his hands felt good on me, but his lips brought on a whole new wave of sensations. He ran his tongue around my nipples, lightly flicking them with his tongue, then engulfing them in the heat of his mouth. Every time he switched sides, the other ached for his touch again. I lost count of the orgasms wracking my body as I tried not to make much noise. My nails dug into his back. When he started rubbing

his hand on my pussy, a whimper escaped my lips. He found my clit and rubbed it while nibbling on my left nipple. I knew I was humping his hand and drenching it in juices. It didn't take long and I screamed into his shoulder as a huge orgasm hit me. Instead of being satisfied I wanted him inside of me. I had turned from shy to hornball and I didn't want to go back.

My politeness was gone and I ordered him to fuck me. He started to comply, hesitating at the entrance of my pussy. I gripped his cock and guided it in. It hurt a little bit, but before he could get all emotional about hurting me, I wrapped my legs around his waist and raised my ass off the bed forcing him to bury his cock into me. It felt so good. I didn't want it to ever stop. It felt so good but he didn't last long. I knew that though it was first time for us, it wouldn't be the last. I went to the bathroom to clean up. I took my time.

When I walked back into my room I saw my own fears mirrored on his face, but no regret, only the love he had shown me before. I kissed him laying his fears to rest, and cuddled him knowing this was the start of a wonderful relationship.

Since I was home alone, I took Billy back to the my room and promptly started sucking on the thickest cock I've ever seen! After he dipped his tongue into my pussy, he stretched it with his monster cock. His cock was almost too much for little me to handle but I took it like a pro and happily took Billy's creamy jizz load all over my mouth and face.

Sophie says she's been celibate for the past six months and she's about ready to explode! "I swore off sex thinking it would help clear my head, but it's just making me more and more frustrated," she explains. Hey, Sophie, what are you fishing around for inside your panties, a magical bean? "I'm a masturbation freak. I play with myself all day long. I swore off sex, but I didn't say I'd stop cumming!" Makes perfect sense to us.

It's raining out today and I didn't feel like going out. So I called Ashley to come over and asked her if she wanted to make chocolate chip cookies with me. Of course she said yes and within a couple hours we had rolled the dough and put the tray in the oven. Then we settled back and waited. Unfortunately Ashley couldn't wait and so she started to take it out on me. She told me to strip down and get on the sofa. We played around until we smelled the cookies burning.

AH, OUR PUSSIES FEELS BETTER

GIRL NEXT DOOR

ANNIKA

Nothing is sweeter than the sound of woman saying, "Yes!" Unlike many other submissions to Girl Next Door, Annika included a long letter explaining why she is sending in her pictures and video. The break up with her boyfriend ended up with her throwing him out of the house. She wanted revenge on her ex and this was her way.

MYAH

Myah is a sexy brunette. She was having problems with her grades in college. So, she started to think of ways that she could seduce her professor like any gorgeous girl that always got by on her looks would do. She convinced her boyfriend that she would be able to get a passing grade if she pulled the right moves. You don't have to guess where it goes from there. You know college kids, all they do is fuck, drink and sometimes find the time to study. Luckily for us, there's no studying going on in Myah's submission.

GIRL NEXT DOOR

NATALIE

This month we have one super cute and sexy girl that looks so sweet but is sooo naughty. Natalie is so adorable. She sent us one of the most amazing set of photos and video. Her boyfriend was filming her, as she was posing and looking hot as she flirted with him on video. She flirted with her hot ass booty, and we were dying to see more. Her sweet little pussy was so hot and wet, and she really knew how to use it. She worked that pussy from multiple angles, and we loved it. In the end we couldn't believe this innocent looking girl was a total freak we all fell in love with. So enjoy her pix and check out her amazingly hot video, too.

size queens

FOR THESE BABES, IT'S MORE THE MEAT THAN THE MOTION

ALLIE – I had never heard of myself referred to as a size queen , but when I stopped to think about it, I guess I was. Now I must confess – my name is Allie – and I'm a size queen. I love big cocks and sometimes (don't hold it against me) I shun small and even medium sized cocks.

Why? Because I love cocks that can fill my pussy. I want to feel friction against my opening and inside. It's already wet down there and smaller cocks, big ones, too, sliding in and out too easily. But a bigger one will rub against my pussy lips and walls. That creates pleasurable sensations and makes me eventually cum. And that's what having sex is all about. Sensation.

When it comes to oral sex, a big cock can be a bit hard to swallow. I can only take so much into my mouth and have never deep-throated one any longer than eight inches. I'm not a big girl so I can only fit so much in. What I don't like, however, is gagging. It's much more likely with a big cock and while guys might get off hearing me gag, I don't like it. It makes me not want to suck it.

I have a few sexual partners that are pretty big. They are in my monthly rotation. I like to have at least one good big cock a week. I think one of the coolest things is to watch a limp dick becoming erect. To go from a few inches to more than eight. I find that pretty amazing. It's like watching a snake straighten up and flex. I don't know what you guys think because you live with it, but I find it fascinating and something I enjoy watching with my big dick friends.

MEGAN – My very first cock was a big one and ever since I've been hooked. I'm Megan and that happened my freshman year in college with my boyfriend. He had been wanting to fuck me ever since we met at freshman orientation but I held out for months. When we finally did it, I was shocked at the size of his cock when he pulled his pants down.

I was almost afraid to touch it, and it wasn't even fully erect. When I did touch it, I couldn't get my fist all the way around it. There was still a one-half inch gap between my fingernails touching and they were long. When he put his hand around it, his fingers overlapped by just a little.

I began stroking it and he was moaning, which was nice. But after a few minutes of that, my hand started getting a little tired. So I began using both hands. I held it like a baseball bat and there was still an inch of shaft and the head above my hands. I couldn't believe it when I focused on what I was looking at.

So then it was time to put it in my mouth. Now, I love giving head, but I found his size to be daunting. Just to get the cockhead in my mouth made my open very wide. I couldn't help but scrape my teeth across it as it went in and out. I promised my boyfriend that I would do my best, and lucky him, I had to do it a lot in order to understand how to fellate a large cock. It just doesn't come naturally, like a smaller one would.

What was pretty cool though is putting my face to the side of his big cock, and run my lips along the shaft like you would eat a cob of corn, I would do that in front of a mirror and we would laugh at how cool, and how silly it was.

As I said, I finally learned how to suck him off so he was content and I didn't hurt myself. I learned how to relax my throat muscles to take him deeper, but I still couldn't take him all the way in. He liked to hold the back of my head and fuck my mouth. I had to let my throat muscles go limp as he fucked my face. When he finally would cum in my mouth, his spurt would go right down my throat.

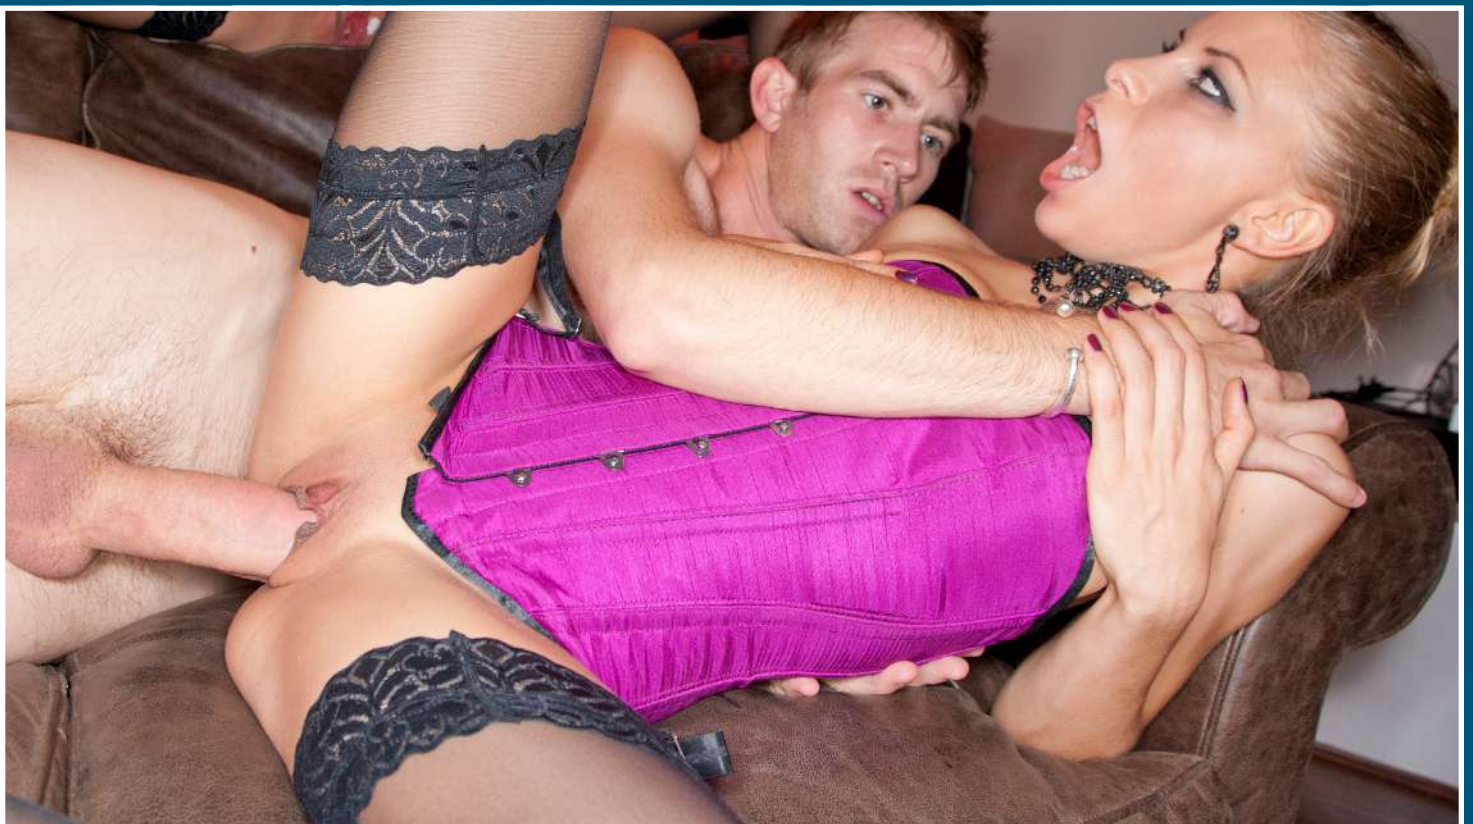

size queens

AVRIL – I love big cocks and I cannot lie. They fill my pussy until I cry. I want one in my ass and that's no lie. Okay, so I'm not a good poet, but you get my message. I'm a big fan of big cocks -- that means ten inches or more.

But let me preface that by saying I'm not that big a fan of big cocks if I have to suck one. It's a pain in the ass. I'd rather one in my ass than in my mouth. It's way too much work for my mouth. Big head, long thick shaft. While that may sound appealing to some, and in fantasies, it is, the reality is that a big cock is too much trouble. You can spend all day trying to deal with it.

But, I do love a big cock in my pussy. It fills it up nicely and the feelings are out of this world. They have to be to keep sex exciting throughout our lives. I think I have a g-spot way in the back of my vagina because when it gets poked by a cock in there, it sends me off the deep end. It only takes a few well placed strokes to do it.

Then there's my butt. Ouch! the first few times that I tried anal, with a real cock and not my fingers or toy, I had to start with a smaller cock just to see what it felt like and if I would even like it. The key, I learned, was to teach your sphincter muscle to relax. Once I did that, my butt was good to go. Now I really like a big one in there, too.

Sadie

Sadie hated to work for an older man who thought he knew everything and was never happy with the work she did, ordering her to redo things that were done perfectly. Sadie didn't know what his problem was, but there was a promotion coming up and she was determined to get it. There was no one more qualified. The only problem was that her current boss was going to make the final decision. The way he treated her, she was sure he would never give her the promotion. She had to make him like her and didn't even know why he treated her so horribly? There was only one option, and she took it.

DO I GET THE PROMOTION NOW?
